Introduction

I am an aspiring Developer with an eye for innovation. Methodical and committed.

Education

Bachelor of Computing (Software Engineering)   February 2020 - March 2023
Curtin University - Australia, Sri Lanka Institute of Information Technology

- I am currently pursuing my bachelor's degree in Software Engineering, which is an international degree program offered by the Curtin University of Australia. Expected graduation in March, 2023

Secondary Education   January 2006 - August 2019
Ananda College, Colombo 10

- Commerce Stream - 3As (Information and Communication Technology, Accounting, Economics.)
  Z Score - 2.09

Skills

I have been learning programming with the use of university material and self learning methods.
Following are the programming languages that I have mostly used.
   * Python
   * Java
   * C/C++
I am a good team player with substantial analytical skills.

Volunteering

President   April 2018 - March 2019
ICT Society, Ananda College

- As the President of the Ananda College ICT society I initiated a number of projects and workshops for fellow tech enthusiasts.

Charter Member   January 2016 - Present
Lions Club - Gampaha

- As a member of Lions Club International - Gampaha, I have taken part in many community-service projects.

Projects

- **Battle Of the Maroons Live Score App:**
  Developed a cross platform mobile application in order to give live updates of the 89th Battle of the Maroons (2018).

- **BITS '18:**
  ICT society of Ananda college hosted the first-ever intra-school task based ICT competition 'BITS 2018'. I chaired this event as the President of the society.

- **Google Code-In workshop:**
  A Google Code-in workshop was conducted for the benefit of the college students, in partnership with the Google Developer Group, Sri Lanka.
